

WISBROEK LORY DIET

SUITABLE FOR:

Lories and other nectar eating birds

Wisbroek Lory Diet is a complementary daily food for lories and other nectar eating birds. It consists of delicious crispy pellets. Through the unique extrusion process we guarantee a high diversity of raw materials. The birds need, in addition to their daily portion of nectar and fruit, therefore no additions. Each pellet contains all the nutrients your bird needs to stay in good condition. Our ingredients are consistent with the diet of these birds in the wild. The pellets are therefore prepared with real fruit, such as papaya, cranberries and apple.

This balanced recipe contains fruit and other raw materials with a rapid carbohydrate availability. This is supplemented with seeds, nuts and other ingredients with a slow carbohydrate availability. Exactly what these birds need. Our unique composition ensures optimal digestion by using organic nutrients. We use raw materials such as alfalfa, carrots, red beets, spirulina, corn and corn gluten for our pellet. These contain natural carotenoids, which are bodily substances that birds would also eat in the wild. They allow the true natural colors of your bird to come out.

In addition to all these healthy nutrients, all the necessary fatty acids, amino acids, vitamins, minerals and other essential nutrients are also derived from animal and plant protein sources of only the highest quality. These ingredients help to support your bird's immune system, among other things.

Order direct from our website

FEEDING ADVICE

Lori's do not eat more than they need, in addition to their daily portion of nectar and fruit. Our Lory Diet may therefore be given without restriction.

SWITCHING ADVICE

Is Wisbroek pellet food completely new to your bird? Then please visit www.wisbroek.com for our handy switching advice. By making the switch gradually, your bird gets used to the pellets and still receives all the nutrients he needs.

ANALYTICAL CONSTITUENTS

Crude protein	14,6%
Crude fat	2,4%

HIGH DIVERSITY

NATURAL INGREDIENTS
